Person with disability

Resume

I hold a Bachelor's degree in Software Engineering (2020-2024) and a Technologist degree in Graphic Design (2018-2019). I am a Front-End Developer with a solid foundation in visual design. Throughout my career, I have dedicated myself to creating web and mobile interfaces, combining aesthetics and functionality. I began my career developing visual design skills using Photoshop, which provided me with a solid foundation to transform creative concepts into intuitive and efficient interfaces through front-end programming.

Experience

GRAPHIC DESIGNER: FREELANCE 2022-2025

- Client briefing;
- Layout production;
- Visual identity;
- Digital design for the production of static and dynamic front-end website systems;
- Image processing: adjustment, editing, and optimization of photographs and graphic elements;
- Proficiency in specific software, such as Adobe Photoshop and Illustrator.
